

CUSTOMER TESTIMONIAL.

AMY HALLAM | MARKETING MANAGER

QCR RECYCLING EQUIPMENT

“

We decided to use Spotler for our marketing automation because we needed a platform that **allows us to send to purchased data**, as is legally allowed in the UK.

Also using their IP tracking software on our website, we have been able to **see all the 'hidden' leads we were missing out on.**

We are now able to generate many more leads for the sales team, for no more effort, which is amazing. ”

RECYCLING
EQUIPMENT

QCR offer rental and purchase options on a wide range of waste and recycling equipment which will improve waste handling efficiency and will save you money.
